Company Overview.....

HSR ENGINEERS is in the field of Manufacturing and Fabricating in Thermal Equipments, Process Industry Equipments, Heat Recovery Systems, Piping ,Tank fabrication , Structural Steel, Pre - Engineered Building work and also providing best-quality Mild Steel, Stainless Steel and Aluminum fabrication work as per customize drawing and specification. Our strength is our dedicated, committed, qualified and always ready to accept challenges energetic staff and employees. For making challenges possible we have the talented work force with well trained skill, to maintain high quality in production without disturbing the speed and quality of the job. HSR ENGINEERS Work "From imagination to Commissioning" with energy/cost efficient design, manufacturing and supply of quality products/systems. We are backed by team of professionals who are well qualified and experienced in designing, manufacturing, erecting and commissioning our products. HSR ENGINEERS has large and valuable hands on experience in Design, Manufacturing, Erection and Successful Commissioning of IBR and Non-IBR Steam Boilers, Thermic Fluid Heaters, Hot Water Generators, Steam Generators, Hot Air Generators, Steam Accumulators, Steam Piping and Heavy Structures, Distillation Plant, Allied Thermal Equipment, Thermal Systems, Shell and Tube Heat Exchangers, Water and Smoke Tube Boilers, Coil type Hot Water Generator, Economisers, Water Preheaters, Air Preheaters, Automation for solid/oil/gas fired equipments. We offer a complete design, manufacture, site install, repair and spares service across all continents. We follow IBR/ASME/JIS/DIN/Etc standards to match international quality requirements.

QUALITY POLICY

We are committed to Design, Manufacture, Supply, Erection & Commissioning of Thermal Equipments, Boilers and Boiler Components, Structural Steel Work to enhance customer satisfaction. This shall be achieved by:

- **Understanding Customer's Requirements.**
- **Team Work Complying with all Applicable Requirements.**
- **Continual Improvement in all Areas of Operation and System.**
- **Strictly adhering to the IBR/ASME/TEMA norms and Standards, while manufacturing our range of Products.**
- **Close vigil & traceability on all the processes including procurement, production, dispatch, etc.**

PRODUCT RANGE

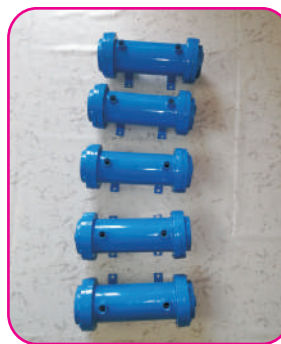

We manufacture, Supply and Export the following:

- Heat Exchangers
- Heating / Cooling Coils
- Hot Water Generator
- Thermic Fluid Heaters
- Structural Steel Fabrication
- Distillation Plants
- Customise Thermal Equipments
- Boilers
- Waste Heat Recovery Systems
- MS/SS Tank Fabrication
- Pre Engineered Building
- Industrial Sheds

SERVICES OFFERED

We provide the following services:

- Boilers Maintenance / Repairing
- Design Waste Heat Recovery Unit
- Water Heat Recovery System Services.
- Distillation Plant Services

Heat Exchanger

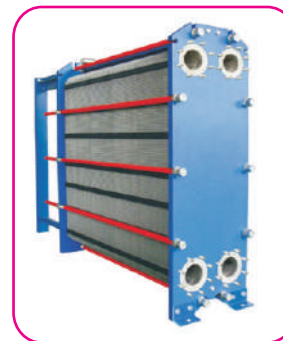

Boiler

Plant Erection

Heating / Cooling Coil

PHE

Hot Water Generator
